Supply clean diesel to Delhi _____

Diesel will still be used for trucks and generators.

The best diesel in the world – Swedish class I diesel with sulphur content less than 0.001 per cent and a cap on aromatics – can reduce the cancer causing potential of diesel by as much as 89 per cent.

But what happened...

Indian Oil Corporation Limited was reluctant to provide even 0.05 per cent sulphur diesel when asked by the Supreme Court. After Reliance offered to supply this, IOCL agreed. Public sector is more bothered about market share than public health.

Meanwhile oil companies disown all responsibility for adulteration of fuel.
